

SPRING into SERVICE

How can TRiO support students

Empowering Students to Achieve!

Communities In Schools of the Midlands meet a number of needs in the Midlands but we can reach even more youth with your help. The Youth at our sites are always in need of Supplies. Supplies may be the difference between success and failure. You can support Communities In Schools of the Midlands by **donating to the 37th Annual GASPP/SCCEOPP Spring Conference Supply Drive!**

Dent and EL Wright Middle Schools-School Supplies

By donating to the School Supply Drive, you will help to ensure that the students at these sites have a successful school year. Our goal is to provide these students with some of their necessary school supplies at the start of the school term and to stock both schools' supply closets with additional supplies to help support them throughout the academic year.
